

Curriculum and Community Implementation

This stream provides participants with support required during the early phase of your implementation.

Engage in a 2-hour training session tailored to your education setting, whereby you will learn about:

- Strategies to induct your educators, students and their parents
- Courses, units and classes, and how to get the most out of these pages
- Group spaces, news, calendars and learning resources
- Tips on how you can engage your whole school community to ensure a quick uptake
- Community engagement strategies and consideration for managing communication within your school

Rubrics and Continuous Reporting

This stream will give participants insight into how their school can effectively use rubrics to support continuous reporting.

Engage in a 2-hour training session tailored to your education setting, whereby you will learn how to effectively implement:

- Feedback to promote a holistic view of student progress, providing a clear picture of where they are and how they can progress towards their academic goals
- Processes and tools that encourage students to constantly reflect on their learning, rather than waiting for an end-of-semester report, so they can make continuous improvements
- Digital rubrics from Year 1 through to Senior curriculum
- Data integration from Schoolbox LMS to other reporting software
- Change management strategies and professional development recommendations to build staff capacity and efficacy

Ad-Hoc Hours

Engage in custom training tailored to your education setting, whereby the LINQ Academy will customise a session based on the elements listed below:

- Overall roll out support
- Courses, units and classes, and how to get the most out of these pages
- Group spaces, news, calendars and learning resources
- SIS UPS Integration (TASS) – Co-curricular group pages
- Community engagement strategies and consideration for managing communication within your school
- Feedback to promote a holistic view of student progress, providing a clear picture of where they are and how they can progress towards their academic goals
- Processes and tools that encourage students to constantly reflect on their learning, rather than waiting for an end-of-semester report, so they can make continuous improvements
- Digital rubrics from Year 1 through to Senior curriculum
- Change management strategies and professional development recommendations to build staff capacity and efficacy

Curriculum and Community Implementation: 2-hour session for up to 10 attendees = \$500

Rubrics and Continuous Reporting: 2-hour session for up to 10 attendees = \$500

Ad-Hoc Hours: 7.5-hour session for up to 5 attendees = \$1500
